SPECIFIC PLAN

This information is provided as a guide to assist you in the preparation of the application for a **Specific Plan**. It is also intended to explain the process by which the City analyzes and acts upon the application.

What is a Specific Plan?

The purpose of a Specific Plan is to provide a vehicle for implementing the City's general plan on an area-specific basis. The specific plan serves as a regulatory document, consistent with the general plan. In the event there is an inconsistency or conflict between an adopted specific plan and comparable provisions of this title, the specific plan shall prevail. This section describes the process for adopting and amending specific plans and approving subsequent development under a specific plan.

Application Submittal

An application for a Specific Plan shall be filed by the property owner or their representative/agent on forms prescribed for this purpose. The application shall be submitted to the Planning Department, 1 Plaza (P.O. Box 667), Patterson, CA 95363.

Processing the Application

The processing time for a completed application for a Specific Plan varies depending on the complexity of the application, any required environmental documentation and public noticing requirements. A hearing before the Planning Commission will be scheduled and open to the public. It is recommended that the applicant or their agent attend the hearing to speak on behalf of the application and to answer questions the Planning Commission may have. Planning staff will prepare a staff report to the Planning Commission. The staff report contains an analysis of the application and a recommendation for action by the Planning Commission.

Note: If the application is not complete within thirty (30) days of receipt the City of Patterson Planning Department will deem the application incomplete, request additional information or return the application and application fee(s) to the applicant.
