## NOTIFICATION LETTER TO RESIDENTS

May 5, 2021

**RE:** Kinshire Waterline Replacement and Street Reconstruction, Phase I

Dear Resident:

This letter is to inform you that the City of Paterson has entered into a contract with United Pavement Maintenance, Inc. to replace aging infrastructure and deteriorated pipes in the selected area. Please see the attached map for the project location. This project is known as the Kinshire Waterline Replacement and Street Reconstruction, Phase I and will consist of installing new water mains and water service lines, including full-depth reconstruction of existing neighborhood streets, curb/gutter, and pedestrian crosswalk ramps.

The construction start of the Kinshire Phase I Project is estimated to start on May 26, 2021. United Pavement Maintenance, Inc. will be starting work at 7:00 AM, Monday through Friday and will finish around 5:00 PM. This project will require certain roads to be closed, and water services to be disrupted throughout the duration of the project. Notices will be provided 5 business days in advance to those who will be affected by the road closures and disruption of services. We understand that the construction of this project may interfere with your daily activities and will do our best to minimize disruptions.

Road closures and project updates will be posted on the City of Patterson's website. A Zoom Community Outreach meeting has been scheduled for May 19<sup>th</sup> at 6 PM. The purpose of this meeting is to discuss the scope of this project as well as offer community members the opportunity to ask questions, address concerns, and provide feedback.

If you have any questions or concerns regarding this project, please contact Tiffany Rodriguez at (209) 895-8075.

Thank you in advance for your patience and cooperation.

Sincerely,

*Tiffany Rodriguez*
