

Leaf Pickup Schedule

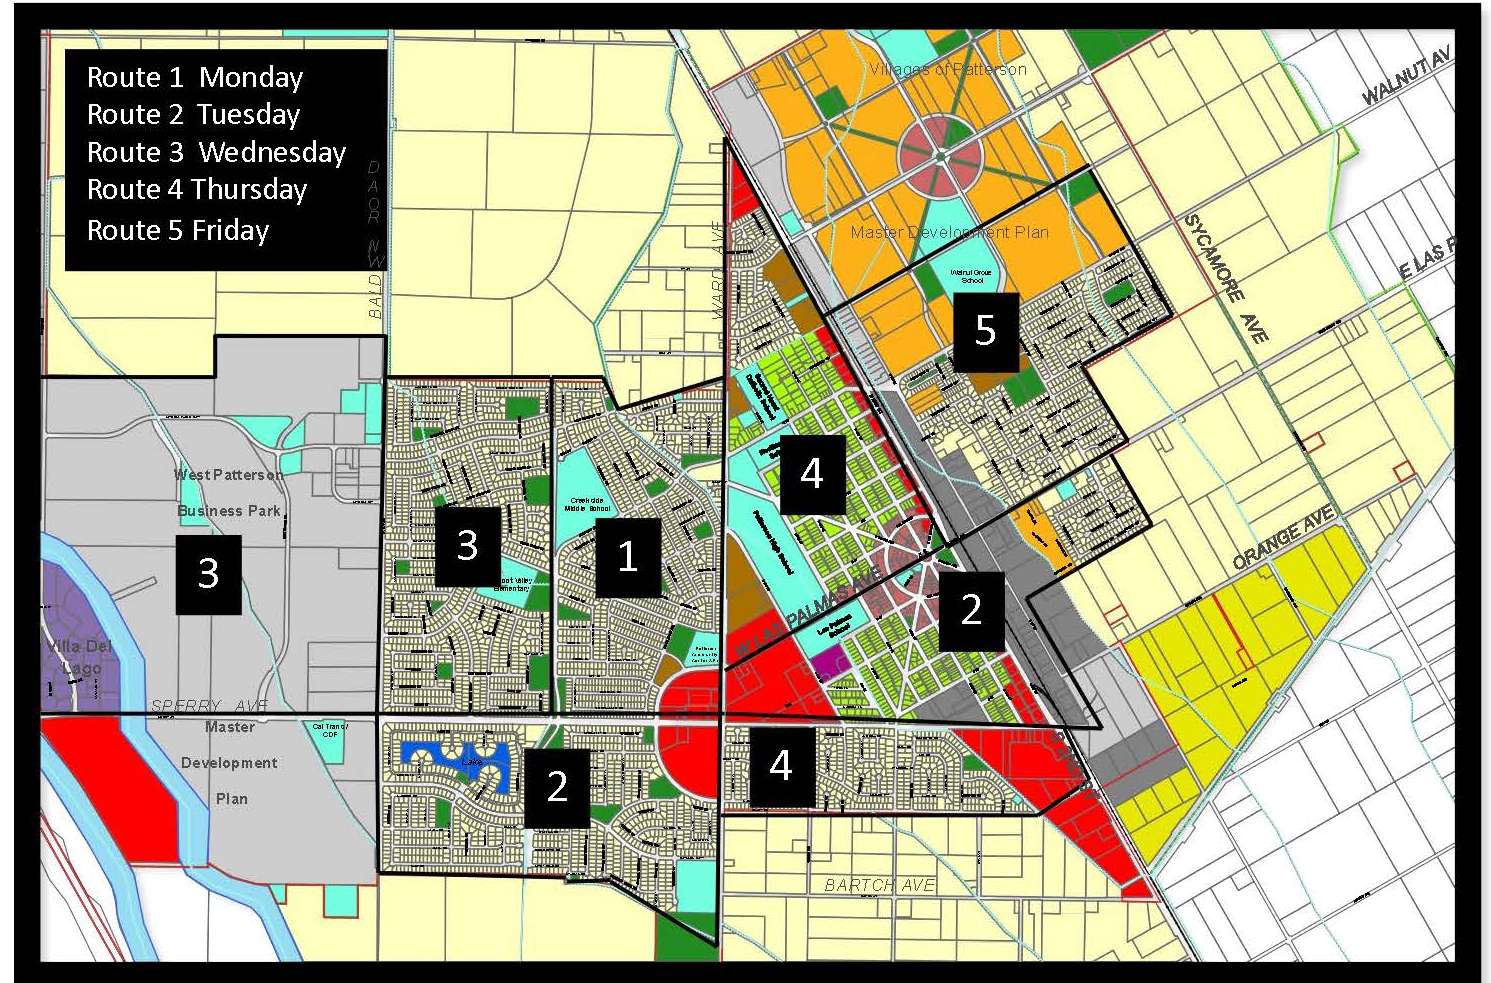

PLEASE MOVE YOUR VEHICLES THE NIGHT BEFORE TO ENSURE YOUR LEAVES GET PICKED UP

City of Patterson Public Works Department

The Leaf Pickup program begins on November 7th, 2022 and ends on January 27th, 2023
(Starting and ending dates are approximate and dependent on how the leaves fall.)

Leaves will be picked up weekly. You can locate your leaf pick-up day using the map. Please make use of your 90-gallon Green Bin. When it is full, rake the remaining leaves from your property into a pile(s) and place 5 feet from your curb. Please do not place tree limbs in leaf piles. To help avoid delays and for adequate leaf pickup, please do not park your vehicles on the street during your scheduled pickup day. This will help ensure easy access for the leaf collection.

If you have any questions regarding this map or the routes shown, please call Public Works at (209) 895-8060 or email publicworks@ci.patterson.ca.us

Christmas tree pick-up: will be picked on leaf schedule day- trees must be cut in 1/2 & no more than 5ft long, no flocked trees
If Christmas tree is placed in the green bin, these must be cut into smaller pieces to fit the container. No bulky pickup appointments will be scheduled after December 16th, 2022 and will resume scheduling after the new year.
During the upcoming holidays all residential services will be delayed one day after Thanksgiving, Christmas Day, New Year's Day. There will be no service interruption for any commercial services during holidays.
